HTML 5	VBA	Sequelize	MongoDB
CSS3/SCSS	ReactJS	VS Code	MySQL
JavaScript/jQuery	Express.js	Node.js	Git
SQL	Mongoose	NPM	Heroku

Projects

Dalco Order Guides

Developed an Excel app using VBA to assist department managers in placing supply orders. This app leveraged Seward's intranet to allow for each manager to export their orders automatically as a pdf to a folder within the organizations shared folder. On submit, the app builds an email and attaches the orders from the departments who had exported their orders. The app is currently being used by all three business units in the organization.

Looking for Group

Single-page MERN app that helps gamers find other gamers to group up and play with.

Key responsibilities: Project management, UI/UX design, Auth0 implementation, and backend server and database.

Experience

Assistant Store Manager

Seward Community Co-op

September 2017 - Current

Minneapolis, MN

Hire and develop facilities staff, support store departments, provide excellent customer experience, develop strategies to ensure store safety and security, and direct facilities department goals.

Key accomplishments:

- Laid the initial groundwork to rethink and restructure store security throughout the organization regarding how we address customer conduct and loss prevention in a way that is fair, respectful, and compassionate.

- Assisted in creating and implementing multiple safety initiatives in response to Covid-19.
- Took on FE Manager responsibilities in addition to current responsibilities to ensure a smooth transition after the department's manager was promoted.
- Worked to develop management tools to assist in labor budgeting, scheduling, attendance accountability, and supply orders.

Manager on Duty

Seward Community Co-op

September 2015 - 2017

Minneapolis, MN

Provide excellent customer experience, ensure store safety and security, support store departments, and ensure store cleanliness.

Key accomplishments:

- Developed a training document for my peers to assist with creating security logs, filing first reports of injury, and filing customer injury reports.
